

Reisestipendien für die Teilnahme an internationalen Tagungen für Promovierende werden von der GGG gefördert

Travel allowances for PhD students to attend international conferences granted by the GGG

In the year 2012 the 32 travel allowances are distributed among the GGG faculties as follows: Economic, Social Sciences and Law 8 grants, Agricultural and Forestry Sciences 6 and 2 grants respectively as well as 1 grant for PhD projects. For further information, contact the KMU network of the GGG under 0551 39-10646 or at kmu-netzwerk@uni-goettingen.de.

Award procedure:

1. The PhD student takes a close look at the award procedure.
2. He/She expresses interest in the grant to the contact person of the corresponding faculty.
3. The person in charge forwards the request to the KMU network and sends the respective form to the KMU network by post ("FoerderungReisekostenFormularFuerFakultaeten").
4. The KMU network declares whether funding is still available and if affirmative, confirms the grant for the PhD student.
5. The PhD student travels to the international conference and hands in a brief report (3-10 lines) to the KMU network highlighting his/her success within 14 days after the conference has finished.
6. The faculty or department pays out the grant to the PhD student and communicates the payout's booking number to the KMU network („AbrechnungReisekostenFormularFuerSekretariate“).
7. The cost unit of the faculty or department that paid out the allowance of 400 Euro maximum is then charged the same amount by the GGG and the DLZ of the cost unit of the KMU network.
8. In 2012, the journey must be realised until 31 Nov 2012.
9. The travel allowance must be completely balanced a month after the journey, but not later than 15 Dec 2012.
