Tips: How can I see if I am registered for the examination?

You can check which examinations you are registered for and the examination results under “Studierendendaten” [Student data]. To do this, first select the appropriate degree programme and then click on “Allg. Daten und Prüfungen laden” [Load general data and examinations].

Then go to “Prüfungen des aktuellen und vorangegangenen Semesters” [Current and last semester examinations] and select the degree programme for the relevant examination. This then displays all booked examination dates with a question mark ❓.
