

Programme
GAFoRn International Summer School 2009 in Göttingen

Monday, 21 September, 2009

Opening Ceremony and Keynotes

Conference Hall, Historical Paulinerkirche, Papendiek 14

8.00	Pick up at Hotel Astoria
08.30 – 09.30	<p>Welcome Addresses</p> <p>Moderation Prof. Dr. Kerstin Wydra Managing Director, Centre for Tropical and Subtropical Agriculture and Forestry (CeTSAF)</p> <p>Prof. Dr. Reiner Finkeldey Vice Dean, Faculty of Forestry and Forest Ecology, Georg-August-Universität Göttingen</p> <p>Bernd Hackstette Managing Director, Alumni Göttingen e.V.</p> <p>Prof. Dr. Christoph Kleinn Director, Centre for Tropical and Subtropical Agriculture and Forestry, Professor of Forest Inventory and Remote Sensing, Georg-August Universität Göttingen</p>
9.30 – 10.00	<p>Dr. habil Werner Leo Kutsch Max-Planck-Institute for Biogeochemistry, Jena <i>Miombo Forests and Energetic Demands: The Charcoal Trap</i></p>
10.00 – 10.30	Coffee Break
10.30 – 11.00	<p>Dr. Lien Herlina Bogor Agricultural University (IPB) <i>Global Climate Changes toward the Indonesian Forest Management: Future Scientific and Economic Challenges</i></p>
11.00 – 11.30	<p>Prof. Dr. Ralph Mitlöhner Burckhardt-Institut, Tropical Silviculture and Forest Ecology, Georg- August Universität Göttingen <i>Natural Resources in the Tropics: The Concepts of Forestry</i></p>
11.30 -12.00	<p>Prof. Dr. Peter Spathelf Department of Forest and Environment, University of Applied Sciences Eberswalde <i>Close-to-Nature Silviculture in Germany - the Key for Multipurpose Forestry in Times of Climate Change</i></p>
12.00 – 12.30	Guided Tour Historical Paulinerkirche
12.30 – 14.00	Lunch at "Kartoffelhaus"
14.00 – 14.10	<p>Moderation and Programme GAFoRn Summer School 2009 Prof. Dr. Christoph Kleinn</p>
14.10 – 14.40	<p>Prof. Dr. Reiner Finkeldey Director, Department for Forest Genetics and Forest Tree Breeding, Georg-August Universität Göttingen <i>Applications of Genetic Fingerprinting Techniques in Tropical Forestry</i></p>

14.40 – 15.10	Prof. Dr. Christoph Kleinn <i>National Forest Inventories - their Actual and Potential Future Role as Data Providers to the International Conventions</i>
15.10 – 15.40	Dr. Heinrich Lehmann-Danzinger Department of Plant Pathology, Lecturer in Forest Zoology and Forest Protection, Georg-August Universität Göttingen <i>Threatening of Forestry & Agro-Forestry in the Tropics/Subtropics by Invasive Species</i>
15.40 – 16.10	Coffee Break
16.10 – 16.40	Dr. Cornelis van Tuyl Former Director Division Rural Development, Agriculture and Forestry, GTZ, and Former Programme Coordinator Watershed Management Programme Mekong River Commission – GTZ <i>Future Forestry - Requirements to Capacity Development</i>
16.40 - 17.10	M.Sc. Christoph Fischer Research Assistant, Department of Forest Inventory and Remote Sensing and Co-ordination of the ALUCCSA-Programm, Georg-August Universität Göttingen <i>Perceptions of a Future Forester 'under Global Change'</i>
17.30	Cold buffet at Paulinerkirche
