

GEORG-AUGUST-UNIVERSITÄT
GÖTTINGEN

The Bioclimatology group at the Georg-August-Universität Göttingen is offering a **Technician** position in the Scientific Project of the CRC 990

A03 / Influence of tropical land-use transformations on local and regional climate in Sumatra (Indonesia) and Z02

The position (full time) will be limited for 4 years and should be filled as soon as possible. Salary will be according to the German state regulated public service salary scale.

Your duties

The project will investigate carbon, water and energy fluxes between an oil palm plantation and the atmosphere and environmental variables in various land-use types. Tasks include installation and maintenance of automatic micrometeorological stations at various field sites in Sumatra/Indonesia, supervision of local assistants, quality control of data, interaction with project partners.

Your profile

- Technical training in electronics, mechanics or environmental measurements.
- Experience with micrometeorological measurements and quality control of data. Programming skills a plus.
- Willing to collaborate with other researchers of the CRC and Indonesian Partners
- Proficiency (fluency) in English; German a plus.
- Ability to carry out a fieldwork under challenging field conditions in the tropics

Working place will be in Jambi/Indonesia at the CRC research facilities (up to 10 months per year) with short visits in Göttingen.

The University of Göttingen is an equal opportunities employer and places particular emphasis on fostering career opportunities for women. Qualified women are therefore strongly encouraged to apply as they are underrepresented in this field. Disabled persons with equivalent aptitude will be favoured.

Please send your application electronically as a single pdf containing the usual documents by **January 06, 2012** to bioklima-job@uni-gottingen.de. If you have any questions, please contact Prof. Knohl (phone: +49 551 393682, e-mail: bioklima-job@uni-gottingen.de). Information about the bioclimatology group can be found at <http://www.uni-goettingen.de/bioclimatology>.

We request that you send your application documents as single pdf file. We will dispose the documents after a holding period of five months.
