

Master-Seminar zur „Europäischen Wirtschaftspolitik“

WiSe 2017/2018

„Länderanalysen zur Wirtschaftspolitik in Europa“

Einführungsliteratur

1. Finnland und Schweden: Gute Gründe für eine EU-Mitgliedschaft mit oder ohne Euro?

Hutchison, M. M. and Bergman, U. M. (2000), Northern Light: Does Optimal Currency Area Criteria Explain Nordic Reluctance to join EMU?, UCSC Department of Economics Working Paper No. 487, University of California, Santa Cruz.

Kanniainen, V. (2014), The Future of the Euro: The Options for Finland, CESifo Forum 3/2014, S. 56-64.

Reade, J. J. and Volz, U. (2009), Too much to lose, or more to gain? Should Sweden join the Euro?, University of Oxford, Department of Economics Discussion Paper Series No. 442.

2. Slowakei versus Polen: Können osteuropäische EU-Staaten vom Euro profitieren?

Fidrmuc, J. *et al.* (2013), Slovakia: A Catching Up Euro Area Member In and Out of the Crisis, OECD Economics Department Working Papers, No. 1019, OECD Publishing, Paris

National Bank of Poland (2015), The economic challenges of Poland's integration with the euro area.

Rapacki, R. (2015), The institutional underpinnings of the prospective euro adoption in Poland, Conference Paper for ICCEES IX World Congress.

3. Deutschland: Sind die anhaltenden Leistungsbilanzüberschüsse ein Ungleichgewicht?

Dustman et al. (2014), From Sick Man of Europe to Economic Superstar: Germany's Resurgent Economy, in: *Journal of Economic Perspectives*, 28(1): 167–188.

Kollmann et al. (2014), What drives the German current account? And how does it affect other EU member states, European Commission - European Economy - Economic Papers 516, Brussels.

Giavazzi, F. and Spaventa, L. (2010), Why the Current Account May Matter in a Monetary Union: Lessons from the Financial Crisis in the Euro Area, CEPR discussion paper 8008, London.

4. Deutschland: Eurogewinner oder Euroverlierer?

Beetsma, R., Giuliodori, M. (2010), The Macroeconomic Costs and Benefits of the EMU and Other Monetary Unions: An Overview of Recent Research, in: *Journal of Economic Literature*, Vol. 48(3), pp. 603-641.

Mongelli, F. P. and Vega, J. L. (2006), What Effects is EMU having on the Euro Area and its Member Countries? An Overview, ECB Working Paper Series No. 599.

Fernández, C. and Perea, P.G. (2015), The impact of the Euro on Euro Area GDP per capita, Banko de Espana Documentos de Trabajo No. 1530.

5. Italien: Was sind die Ursachen der chronischen Wachstumsschwäche?

Calligaris, S. et al. (2016), Italy's Productivity Conundrum, A Study on Resource Misallocation in Italy, European Commission Discussion Paper 030, Brussels.

European Commission (2014): Macroeconomic Imbalances Italy 2014, European Commission Occasional Papers 182, Brussels.

Morsy, H. and Sgherri, S. (2010): After the Crisis: Assessing the Damage in Italy, IMF Working Paper 10/244, October 2010.

6. Spanien: Wirken die Strukturreformen?

Eggertson, G., Ferrero, A. and Raffo, A., (2014): Can structural reforms help Europe?, in: *Journal of Monetary Economics*, Vol. 61, pp. 2–22.

European Commission (2016), The Economic Impact of Selected Structural Reform Measures in Italy, France, Spain and Portugal, European Economy Institutional Papers 023, Brussels.

European Commission (2017), Country Report Spain 2017, Commission Staff Working Document, Brussels.

7. Irland: Musterschüler unter den Euro-„Krisenstaaten“?

European Commission (2015), Ex post Evaluation of the Economic Adjustment Programme, Ireland 2010-2013, European Economy Institutional Papers 004, Brussels.

Nkusu, M. (2013): Boosting Competitiveness to Grow Out of Debt – Can Ireland Find a Way Back to Its Future?, IMF Working Paper 13/35.

Robbins, G. and Lapsley, I. (2013), The success story of the Eurozone crisis? Ireland's austerity measures, in: *Public Money & Management*, Vol. 34(2), pp. 91-98.

8. Großbritannien: Kann das Land vom Brexit profitieren?

Booth, S., Howarth, C., Persson, M., Ruparel, R. and Swidlicki, P. (2015) What If...? The Consequences, Challenges and Opportunities facing Britain outside the EU, London: Open Europe.

Campos, N.F., Coricelli, F. and Moretti, L. (2014), Economic Growth and Political Integration: Estimating the Benefits from Membership of the European Union using the Synthetic Counterfactuals Method, CEPR Discussion Paper No. 9968.

Dingra, S., Huang, H., Ottaviano, G., Pessoa, J.P., Sampson, T., Van Reenen, J. (2016), The costs and benefits of leaving the EU, Trade Effects, Centre for Economic Performance Technical Report.
