

JOB OFFER

At **xFarm Technologies** we are on a mission to **lead the digital transformation in agriculture**, improving the lives of millions of farmers while increasing the environmental, economic and social sustainability of the entire sector by developing digital tools and consultancy projects, offering a **Smart Farming digital ecosystem** for all actors in the agri-food supply chain, consisting of apps, IoT sensors, software integrations and advanced analytics tools. Today, xFarm products and solutions are used by **more than 550'000 farms** representing **more than 14 million hectares** in Europe and Latin America. **From the 9 to the 15th of November**, we will participate in Agritechnica in Hannover, the most important trade fair for the EU. On this occasion, we are looking for **motivated German speakers with basic knowledge in agriculture** to support us and our partner during the fair. Now, the time has come to accelerate, and we need just you!

Your Mission:

- Acquire basic knowledge of xFarm products and partners to support the company during the fair
- Work in close contact with the xFarm Team
- Introduce to the visitors of Agritechnica the power of Agriculture 4.0

Opportunities:

- Work in a young, smart, digital, fast and efficient environment.
- Work side by side with all the international management during the fairs
- Expand your network with leading companies and international influencers
- Develop your knowledge in a strategic sector with a leading company in the agritech niche

The skills we are looking for:

- Studies in agronomic subjects and passion for agriculture and technology
- Good knowledge of the German agricultural environment
- Good knowledge of English

Some skills that could help us:

- Previous work experience in the agricultural sector is a plus
- Training and/or experience in Digital Farming and/or Agriculture 4.0

How the work will be organized:

- After the selection, you will be trained by our managers
- We will cover all the expenses during Agritechnica
- We need your presence for the whole duration of the fair (from the 9 to the 15th of November)

Economic conditions

- Minijob, 1100€
