

Georg-August-Universität Göttingen Module B.WIWI-VWL.0080: Economics of Monetary Union		6 C 2 WLH
Learning outcome, core skills: After this course, the students are able to apply the knowledge they gained from previous macroeconomics courses to the specific situation of monetary unions. They have a deep understanding of potential costs and benefits attached to the formation of a monetary union in general. Furthermore, they gain a deep understanding of the specific situation in which the member states of the European Monetary Union are in at the moment. Especially, the roots and consequences of the so-called "Euro-crisis" have to be understood by the students, so that they are able to explain and discuss them.
