Our Faculty offers many English-language courses for short-term visitors and exchange students for both undergraduate and graduate students. Please take a look at the **right hand column** to find the **Faculty's courses taught in English for each semester**: The course lists are divided in courses for bachelor/undergraduate and master/graduate students. YES

→ free to choose all courses from our faculty, but stick to academic level

- **“I’m also interested in courses from other faculties, can I choose them as well?”**

MAYBE

→ only with the permission from the other faculty; if you are interested send me an email and I will take care of it!

- **“I’m a bachelor student, can I also take master courses?”**

MAYBE

→ not without permission; master courses have different enrollment requirements (courses and skills you need to provide) which you can check in UniVZ
if you can prove these requirements, send me an email about the courses you would like to take and we can check your eligibility

- **“I’m a master student, can I also take bachelor courses?”**

YES

→ BUT: discuss accreditation with your home University first!

Exams: How it usually works

- **Lectures:**

- Exams usually take place at the end of the lecture period and are the only type of examination
→ grade counts for 100% !
- Exams can be multiple choice or free text exams

- **Seminars:**

- Usually different assignments during the semester: presentations, papers, portfolios, participation, etc.
- Grade consists of different assignments

- **Exam dates:**

- will be/are already published in StudIP
- mostly you will find two dates as we offer two examination periods:
 - **Exchange students who stay for only one semester:** Choose first date – always! Mostly, you will not be here anymore for the second date or will not be enrolled anymore!
 - **Exchange students who stay for two semesters:** Please choose first date as well! If you happen to fail the first time, you can try again at the second date!
 - **Degree Seeking Students:** Free to choose, but also: try to choose the first date so that you have a second try

- **Online Courses:** Please check the assignments and the dates in StudIP, your lecturers will inform you about online exams or other assignments there!

Exams: Grading & Results

- Lectures: You will receive the grade 4-6 weeks after the exam
- Seminars: Depends on the assignments and number of students in the seminar
- **Grading system:**
 - 1,0 = best grade you can get
 - 1,3 – 3,7 = passed
 - 4,0 = minimum grade to pass
 - 4,3 – 5,0 = fail

Grades	A		B	C		D				E		F		
	excellent 1,0 – 1,5		good 1,6 – 2,5			satisfactory 2,6 – 3,5				sufficient 3,6 – 4,0		failed < 4,0
