

Your future in safe hands

To support our team, we are currently seeking a

Regulatory Affairs Manager Agrochemicals (m/f) Ref. No. 2012-29/HP

Role and responsibilities:

- ▶ Registration of agrochemicals according to the international regulatory framework
- ▶ Communication and close co-operation with our clients, in particular global industries
- ▶ Develop regulatory strategies for our clients
- ▶ Project management; responsibility for preparing, implementing, communicating, and coordinating regulatory projects, plans and schedules with project team members
- ▶ Prepare and coordinate regulatory submissions. Compilation of dossiers and notification forms.
- ▶ Develop and maintain regulatory knowledge of European and worldwide regulations
- ▶ Build-up, maintain and share practical knowledge in a growing, strongly team-oriented working group

Benefits:

You will be working in a modern, professional, fast growing internationally active organisation with a high degree of responsibility and independence. Intensive on-the-job training will be provided in a competent multidisciplinary team.

Location: Mannheim, Germany or Basel, Switzerland

Profile and qualifications:

- ▶ University degree in Biology, Chemistry or equivalent; PhD would be a benefit
- ▶ At least three year experience in the registration of agrochemicals in the international regulatory field (EU or worldwide)
- ▶ Excellent knowledge of European and international regulatory guidelines
- ▶ Good interpersonal skills and the ability to manage complex projects and teams to tight deadlines
- ▶ Strong motivation with excellent communication, organizational and presentation skills
- ▶ Very good language skills in English and German (spoken and written); additional language skills would be an asset
- ▶ Self-motivated with the ability to work in a team, also with managerial responsibility

Dr. Knoell Consult GmbH was founded in 1996 in Mannheim, Germany, with offices in Mannheim, Leverkusen, Berlin and Wageningen (NL) as well as subsidiaries in Basel (CH), Cardiff (UK), Bristol (UK), Shanghai (CN) and Chiang Mai (TH). With more than 300 employees, we offer independent consultancy to the Agrochemical, Chemical and Pharmaceutical Industries. Our main focus is registration of agrochemicals, biocides, industrial chemicals and pharmaceuticals. Our services include the evaluation of data completeness, compilation and assessment of raw data, preparation of risk assessments and dossiers for submission to the relevant authorities.

Please submit your complete application in English or German, including a detailed Curriculum Vitae, salary expectation and availability to:
