1.7 How to upload the required documents in the upload portal?

After successful online application, the required supporting documents, including the signed cover sheet, must be uploaded via the upload portal and submitted bindingly by the end of the application period on 30.09. 23:59h.

The uploaded documents will be sent directly to the faculty responsible for you.

The upload portal can be accessed directly after the online application has been completed via a direct link from the application portal, last page or right-hand column on every page of the application portal. https://upload2.uni-goettingen.de/upload_stud/upload/de

In the upload portal, under "Information on document types", there is a short description of the documents that may be required for each applicant's application.

If the documents are several pages long, please combine them into one file/document and upload it.

Acceptable file formats: pdf, png, jpg, tif
Max. File size: 10 MB
Max. 30 files per application

If possible, the required documents should not be uploaded and bindingly submitted until towards the end of the application period in order to enable the faculties to process them as quickly as possible and to preserve a possible correction of the application documents.

Subsequent submission of documents, e.g. a current credit record, is possible after the binding submission. The documents must then be uploaded and also submitted as binding.

As the application deadline is Saturday, 30.09, the online application including the upload and binding upload of the documents in the upload portal should be done in time.

No more questions and requests can be answered on Saturday, 30 September.

The documents will be sent directly to the relevant faculty.

In the following, the individual steps required in the upload portal for uploading and binding submission are explained in detail using images.

Start page of the upload portal.

Under "Information on documents" you will find short descriptions of the different types of documents that are required for each applicant.

The scholarship application(s) for which the required documents are to be submitted/uploaded are displayed under "Upload Area".

Important: Scholarship applications from the previous application rounds are also displayed here.

To upload documents for the scholarship application(s) of the current award round, the blue button "Attach document" must be selected.
In the window that opens, document type (red), e.g. HZB or cover sheet, etc., must be selected first.

Once the document type has been selected, the blue Next button must be selected.

Now the document associated with the document type must be uploaded. If the requested documents consist of several pages, please combine them into one file/document and upload it.

Allowed file formats: pdf, png, jpg, tif
Max. File size: 10 MB
Max. 30 files per application

As of 06/2023
Selecting the Upload button – turns from grey to blue - will complete the upload for the document.

The documents, as long as they have not been submitted bindingly, can still be deleted by selecting the red trash can.

Once all the required documents have been uploaded, the upload must be completed by selecting the "Submit bindingly" button.

As of 06/2023
If the cover sheet, as a mandatory document, has not yet been uploaded, a red text will appear at the bottom.

In the window that opens, the binding submission is confirmed again by selecting the blue "OK" button. The text Document successfully submitted now appears under the Comment field in green font color (previously red) and the "Submit bindingly" button turns grey. Please close the session by clicking on 'Logout' in the menu (top right).
If not all the necessary documents are available, they can be added until the end of the deadline at 30.9.2023 23:59h by registering again and uploading plus bindingly submitting the documents. The procedure is the same as for the previous upload, deletion and binding submission.

**Important:** As the application deadline is Saturday, 30.09, the online application including the upload and binding upload of the documents in the upload portal should be done in time. No more questions and requests can be answered on Saturday, 30 September.

If you have already submitted the required documents for the D- or N-Stip and later create an application for the other scholarship, please only upload the corresponding cover sheet and/or documents that differ and submit them bindingly.
1.8 Which documents do I need for my application?

After you have entered and submitted your data online in the application portal, a window for download of your cover sheet as a PDF file will open automatically on the last page of the portal.

The cover sheet contains a complete list of the evidence you need to submit.

If the option "Yes" has been selected in the "Query 1st generation students and/or backgrounds unrelated to higher education", the template for the proof to be submitted is automatically generated together with the cover sheet.

The template must be completed, signed and uploaded to the upload portal together with the other required application documents. See 1.6.

The signature on the cover sheet and also on the completed template for "1st generation students and/or backgrounds unrelated to higher education" can also be done digitally.

The signed cover sheet as a mandatory document and the evidence to be submitted have to be uploaded via the upload portal by the end of the expected application period on September 30th 23:59h.

The documents will be directly sent to the faculty responsible for you.

Before entering the application data, applicants are asked to read and accept the privacy policy. The privacy policy for the scholarship application is as follows:

**General Information**

Data protection is a central concern for the Georg-August-Universität Göttingen. As a matter of principle, personal data is only collected and processed to the extent that this is necessary for the fulfillment of tasks. All applicable data protection regulations are observed.

If you apply for a German or Lower Saxony scholarship at the University of Göttingen, the personal data collected in the application portal (name, address, e-mail address and other application data) will be processed by the Georg-August-Universität Göttingen.

The purpose of the data processing is the proper handling of the awarding of German and Lower Saxony scholarships, including the allocation and establishment of contact with sponsors and random checks for double funding by the Federal Ministry of Education and Research.

The legal basis for data processing is initially your consent in accordance with Art. 6 Para. 1 lit. a and Art. 7 of the European Data Protection Regulation (EU-DSGVO) as well as § 17 Para. 3 of the Lower Saxony Higher Education Act (NHG) and the university's own regulations for the collection and processing of personal data of applicants, early students, students, examination candidates, former university members (excluding employees) and guest students of the Georg-August-Universität Göttingen - PersDatO - (in the version published on 20. 10.2010, Amtliche Mitteilungen 29/2010 p. 2473, last amended by resolution of the Senate of 14.03.2018, Amtliche Mitteilungen I 21/2018 p. 320).

Data recipients within the university are the departments of Studies and Teaching, Information Technology and Information Management, Public Relations, Finance, as well as the Internal Audit staff unit and the faculties responsible for the selected study program. Data recipients (name and e-mail address only) outside the university are the respective sponsors for the Deutschlandstipendium, provided that the scholarship holder has given his/her consent. There are no other data recipients, especially abroad.

In the event of a successful application, the data will become part of the files kept on you at the university. The data will be deleted as soon as it is no longer required to fulfill the stated purposes, unless legal requirements necessitate longer storage.

As of 06/2023
Reference to data subject rights
You have the right to information about your data stored by the University of Göttingen. You may object to data processing if the requirements are met and/or request the correction, deletion or restriction of the processing of your data.

The Data Protection Officer of the University of Göttingen, Prof. Dr. Andreas Wiebe, Platz der Göttinger Sieben 6, Tel. 0551/39-4689, datenschutz@uni-goettingen.de, is available for questions and complaints.

The data controller is the University of Göttingen, represented by the President, Prof. Dr. Metin Tolan, Wilhelmsplatz 1, 37073 Göttingen.
You have the right to complain to a supervisory authority under data protection law, for example, the State Commissioner for Data Protection of Lower Saxony, Prinzenstraße 5, 30159 Hannover, Tel. 0511/120-4500, poststelle@lfld.niedersachsen.de.
Insofar as the data processing is based on your consent, you have the right to revoke your consent at any time; the data processing carried out up to that point remains lawful. However, Göttingen University would like to point out that in this case you are unfortunately excluded from the application process below.

Information on individual processing operations
Processing of log data (access data): When using the web offer, the access to pages, whether the access was successful, the time, the transferred data volume and the IP address of the requesting computer are collected for the detection of errors. The storage of the IP address is shortened so that identification is not possible or only possible with an effort that is disproportionate to the gain in knowledge of the requesting connection. The processing is only carried out internally and on the basis of Art. 6 para. 1 f) EU-DSGVO, whereby the legitimate interest lies in error detection. The stored log data is automatically deleted after seven calendar days.

Account
The existence of a user account is a prerequisite for the use of non-public areas of the website. Your existing student account will be used for the scholarship application.
2. Types of documentary evidence for Germany Scholarship applications

2.1 How can I substantiate the status of a single parent?
In order to substantiate that you are living as a single parent, you should submit with your written application documents a statement to that effect from your municipality, or from a government office, or a copy of the taxation documents showing the entry "single parent". If available, you can also submit a copy of your parents' decree of divorce.

2.2 What evidence can be presented to substantiate that you are financing your entire living expenses yourself?
As evidence that you are financing your living expenses yourself, you can, for example, submit a copy of your salary statement for a part-time/student assistant job, or a letter from your parents stating that you as a student are financing your living expenses yourself.

2.3 How can I substantiate a migration background?
As evidence of your migration background, please submit documents with your application, for example:
- a copy of your own passport or passports
- a copy of the passport (visa) of your parent with migration background.
If the passports/IDs do not prove the migration background, please enclose a written self-declaration. The self-assessment have to be signed and contain the reference to truthful information.

2.4 Who can translate documents (e.g. certificates or official statements/confirmations) to German or English?
For translations of foreign documents such as certificates or confirmations of internships, you may contact public translation bureaus.

2.5 How relevant are the statements "first-generation student", "unfamiliar with tertiary education" and "migration caused difficulties" in the application for a Germany Scholarship?
The Intention of the Lower Saxony State Scholarship should be to sponsor in particular first- generation students, students from social backgrounds with a low educational level and without academic qualifications as well as students who had to overcome migration caused difficulties.
For definitions please have a look at 1.8. of the FAQs.

As the application portal is identical for both scholarships for technical reasons, the question about being "a first- generation student", "unfamiliar with tertiary education" and "migration caused difficulties" are included in the Germany Scholarship questionnaire.

For all three questions, it is necessary that if the choice yes will be chosen, a short written explanation must added to the written application. Please sign the written explanation. You can get a template in the application portal.

2.6 Is it necessary for the written evidence to specify periods of time/extent and duration?
In the cases of special activities (see appendix 2) and social commitment (see appendix 3), the written evidence must contain statements specifying extent and duration in compliance with the Directive. Please have a look at 1.8 of the FAQs.

3. Granting of Germany Scholarships

3.1 Will notifications of scholarship grants or rejection be sent out?
After the selection of the scholarship holders by the selection committee of the respective faculty, the approval emails with the link to download the approval notice for the Deutschlandstipendium will be sent exclusively by email to the "@stud.uni-goettingen.de" email address of the selected scholarship holders.

The notification of approval includes the link to download the declaration of acceptance including details of the funding contact and dates for the information event and the award ceremony.

Applicants should therefore check their student email account at the University of Göttingen regularly after the expected application deadline (30.09.) and from the beginning of November onwards.

The award notification will not be sent by post!

After all scholarshipholders, including all possible late applicants, have been accepted, the emails with a link to download the rejection notices will be sent out in early to mid-December.

3.2 Which criteria are decisive for granting the scholarships?
Outstanding achievements at school and/or university or occupational performance are not the only criteria which count. The decisive factor is the current status of your personal development.

The qualities sought are social commitment and readiness to accept responsibility:
- Have you won any awards or prizes for outstanding achievements?
- Have you distinguished yourself by extraordinary commitment in social, political or community service-oriented organisations?

Other criteria taken into consideration are overcoming special biographical barriers resulting from your family or cultural background (e.g. are you a single parent or carer of a close relative, or have you been financing your entire living expenses yourself so far?). A list of possible additional selection criteria to be presented can be found in the Directive on the granting of Germany Scholarships (see appendices 2 - 4). You will find the Directive in the application portal and on this website.

3.3 Who decides about scholarship grants?
The University of Göttingen awards the Deutschlandstipendien separately according to faculty.

In the case of a 2-subject Bachelor's degree, the selected degree programme determines the faculty. Teacher training students are assigned to ZEWIL, which in this case is a separate faculty.

Each faculty forms a selection committee for the selection of scholarship holders, which consists of the Dean of Studies as well as one member each of the university lecturers, the staff and the student groups.

3.4 Is there a round of selection of applicants for the summer semester?
No.
At Göttingen University, the call for scholarship applications and the application and selection process take place each year at the beginning of the winter semester. See also Directive on the granting of Germany Scholarships.

As of 06/2023
3.5 Can I continue to be funded after one year, and what is the maximum funding period possible?

Support through a Deutschlandstipendium lasts for one year, i.e. from 1.10. to 30.9. of the following year and thus for two semesters. After that, you need to reapply for the new award round. You must then complete the online application and submit the required written application documents (certificates, attestations, etc.) together with the signed cover sheet to the faculty responsible for you.

3.6 How many scholarships are awarded per call for applications?
The number of scholarship places available depends on the amount of funding. In the last procedure (1.10.2022 to 30.09.2023), 206 Deutschlandstipendien were awarded.

3.7 Is a personal introduction necessary?
No, the selection procedure is based exclusively on the online application and the selection by the selection committee of the faculties.

3.8 If the basic requirements for receiving a scholarship are met, what are the chances of actually being awarded a scholarship?
This depends on the number of applications, the personal requirements of the applicants, the number of scholarships available and the distribution of scholarships among the faculties.

3.9 Do I have to have a certain grade point average to be able to apply?
No, the University of Göttingen does not have a fixed grade point average for the scholarship programme. Whether a certain average is sufficient for a scholarship ultimately depends on the number of all applicants of the faculty, their grade point average and the number of scholarships available for the faculty. In the overall assessment of potential, personal or family circumstances, extracurricular and voluntary commitment as well as special achievements are taken into account in addition to school and academic performance.

3.10 Will current scholarship holders be given preference in the event of a renewed application?
In principle, all applications submitted are ranked according to performance. In principle, there are uniform criteria for the ranking of applicants, but the details are faculty-specific. There is a comparison of the performance of the current scholarship holders (in the case of reapplications) and the new applicants.

As of 06/2023
4. Germany Scholarship in combination with other grants

4.1 I am already a scholarship recipient, am I still eligible for a Germany Scholarship as well?

This depends on the type and scope of the support.

If the scholarship holder already receives talent- and performance-related material support averaging at least 30.00 euros per month, no support can be provided through the Deutschlandstipendium, as this would constitute inadmissible double support (Section 4 (1) StipG: talent- and performance-related material support).

Further information on double sponsorship with regard to the Deutschlandstipendium can be found at:
http://www.uni-goettingen.de/de/informationen-fuer-studierende/218535.html

Example:
If, during the support provided by the Deutschlandstipendium, another talent- and performance-related material support is approved and accepted, which amounts to more than 30.00 euros per month on average (e.g. book allowance and/or e.g. support from the Stiftung des Deutschen Volkes), the support provided by the Deutschlandstipendium must be discontinued due to inadmissible double support - see § 8. of the guidelines.

The central contact person for the Deutschlandstipendium at the University of Göttingen, Ms. Inga Schild, must be informed of the receipt of further talent and performance-related material support via the Deutschlandstipendium notification of change. The notification of change can be found in eCampus under SB-Funktionen/Formulare/Formulare des Studierendenbüros and Göttingen International.

Ms Schild will then immediately inform you whether and at what point the Deutschlandstipendium funding has to be discontinued and will issue a document on the discontinuation of the Deutschlandstipendium funding.

Students supported by a Germany Scholarships cannot simultaneously receive a Niedersachsenstipendium (Lower Saxony Scholarship) (Article 4 in combination with Article 1, Scholarship Programme Act (StipG)).

Exception:
If the Lower Saxony scholarship was received in the previous year, the Germany scholarship can be received as a successor. In these cases, the successors will be contacted by Ms. Schild.

For Germany Scholarship recipients, the simultaneous grant of a book allowance from the Ministry of Education and Research (BMBF) foundations for support of the highly talented constitutes a financial support on the grounds of talents and achievements in accordance with Article 4 Par. 1 StipG.

As of 06/2023
4.2 What is the position with regard to the University’s own funding programmes? Do these programmes fall under the exclusion of double funding?

Only if they constitute financial support on the grounds of talent and achievements. Programmes such as teaching soft skills or interdisciplinary knowledge, or mentoring programmes, do not exclude participants from scholarship funding.

See also the document “Notes on double funding” on the website of the University of Göttingen on the Germany Scholarship and under the following link:
http://www.uni-goettingen.de/de/information-for-students/218535.html

4.3 Will I receive funding if I take a semester off?

Will the scholarship continue to be paid if, for example, I go abroad for a semester as part of the ERASMUS programme?

For a period of leave of absence during the funding period, the scholarship will be interrupted. With the resumption of studies following the leave, the scholarship will be continued for the remainder of the funding period, which must be adjusted accordingly. (See also Directive Article 9, Paragraph 2.)

An exception is made in the case of leave of absence for studies abroad, e.g. with the Erasmus programme, in accordance with the matriculation regulations (ImmaO) of Göttingen University. For leave to study abroad in accordance with ImmaO, scholarship payments will be continued, even if you as a scholarship recipient simultaneously receive a mobility grant from the German Academic Exchange Service DAAD (partial scholarship) or an Erasmusgrant. (See also Directive Article 4, Paragraph 2 and Article 9, Paragraph 2.)

Please be sure to inform Ms Schild, as the central contact person for the Deutschlandstipendium at the University of Göttingen, of any leave of absence so that the appropriate possible adjustments can be made.

A grant from Erasmus+ Programm “Erasmus Mundus Joint Master Degrees” and by a DAAD full scholarship is not compatible with a Germany Scholarship. For further information please have a look at the document “Hinweise zur Doppelförderung” (available only in German on the website of the scholarship) http://www.uni-goettingen.de/en/218535.html.

4.4 Will the scholarship be taken into account for my BAföG?

No. The funds under BAföG and the Germany Scholarship are two programmes which complement each other. Consequently you can accept both funding options simultaneously without any reductions. If you have any further questions concerning BAföG, please contact the student services organisation Studentenwerk Göttingen (Department Funding of Studies). The enquiry concerning BAföG in the application portal serves the sole purpose of anonymous statistical evaluation.

4.5 Will the Germany Scholarship be taken into account for any other social benefits?

No. Basically, the Germany Scholarship is not taken into account for other social benefits, such as unemployment grant II. An exception is made for housing benefits.
4.6 Can I also receive housing benefits parallel to a Germany Scholarship?

Yes, you can. But recipients of housing benefits must take into account that one half of the Germany Scholarship, just as any other scholarships, is included in the calculation of their annual income. For any further questions concerning scholarships and housing benefits, please contact your local housing benefit office.

4.7 Does the scholarship have any effect on child benefit? Is child benefit regarded as a student’s own income in the sense of self-financing?

Receipt of the Deutschlandstipendium has no influence on the receipt of child benefit by the parents of the scholarship holder.
Moreover, the receipt of child benefit does not count as own income in the sense of self-financing Complete self-financing can be indicated in the additional selection criteria under “Special circumstances”. See also Annex 4 of the guidelines.

4.8 How is the scholarship treated for taxation purposes?

The Scholarship Programme Act (StipG) was designed in such a way that Germany scholarships are generally not income subject to tax or social security contributions.
Further information can be found here: https://www.steuerstudies.de/steuertipps/muss-das-stipendium-in-die-steuererklarung.html

4.9 Does the Germany Scholarship have any effect on my maintenance claim against my parents?

Yes, it does. The Germany Scholarship is considered as an income which reduces the obligation of child support. Students of full age are under obligation to provide their financial support from their own resources before making claims against their parents. In this context, the Germany Scholarship counts as a part of the scholarship recipient’s own income.

4.10 Does the Germany Scholarship have any effect on contributions to statutory health insurance?

The Germany Scholarship has no effect on contributions to statutory health insurance, as long as the scholarship recipient is covered by compulsory statutory health insurance (generally until completion of the 14th subject semester or reaching the age of 30).

If a scholarship holder is (subsequently) insured as a voluntary member, a different regulation applies. For voluntary members, the legislator has prescribed the levying of minimum contributions. If the income of the insured persons subject to contributions (including scholarships) exceeds an assessment basis specified by the legislator, the corresponding income is subject to contributions.

4.11 Must the scholarship be repaid after completion of studies?

No.

As of 06/2023
5. Acceptance and receipt of a Germany Scholarship

5.1 What should I do when I receive the notification of approval for the Deutschlandstipendium?

After the selection of the scholarship holders by the selection committee of the respective faculty, the approval emails with the link to download the approval notification for the Deutschlandstipendium will be sent exclusively by email to the "@stud.uni-goettingen.de" email address of the selected scholarship holders.

The notification of award itself contains the link to download the declaration of acceptance, including details of the sponsor contact and data on the information event and the award ceremony.

If the email with the notification of approval has been received and the Deutschlandstipendium is to be accepted, acceptance takes place as follows:

1. First, the approval notice must be downloaded from the download portal.
   Then the link specified in the notice must be called up.

2. After logging in with your student account, the form "Declaration of acceptance for Deutschlandstipendium" opens.

3. The declaration of acceptance including the query about the sponsor contact must be filled out completely.
   It makes sense to note down the sponsor/the sponsoring agency.

4. The fully completed declaration of acceptance must be sent.
   As confirmation of the receipt of the acceptance declaration, an e-mail will also be sent to the student e-mail address.
   If you have any questions, please do not hesitate to contact Ms. Schild, who is the central contact person for the Deutschlandstipendium.

5.2 What must be filled in or stated in the declaration of acceptance?

The following data must be stated on the declaration of acceptance so that a payment can be made:
- Bank details - IBAN and BIC
- Details of the tax office of the main residence

The master data of the scholarship holders and the applicant number are automatically filled in. For an example of the declaration of acceptance, see next page.

The lower part of the declaration of acceptance should also contain the following information:
- whether the scholarship holder wishes to have contact with the sponsor.
- whether the name and e-mail address of the scholarship holder may be disclosed to the sponsors upon request.
- whether participation in the information event prior to the award ceremony will take place - registration
- whether they will attend the award ceremony - registration

A refusal of the sponsor contact does not have a negative effect!

As of 06/2023
Since some sponsors wish to remain anonymous, Ms Dreyer from Fundraising contacts the scholarship holders concerned in these cases and tries to involve them in the activities of other sponsors.
5.3 When will the instalments of the Germany Scholarship be paid?

The payment of the individual monthly instalments, amounting to € 300.00, is made approximately in the middle of the month to the account specified by the scholarship holder. In some months, the payment may be made later than the middle of the month due to holidays.

The first three instalments in October, November and December of the respective funding period are paid out in one sum (900.00 €) and usually in mid-December.

5.4 How can I notify the changes in my data and/or student status?

Changes concerning:
- the contact details,
- the bank details,
- the receipt of further performance-related funding
- changes in studies such as change of course, leave of absence or exmatriculation

Please inform Ms Schild, as the central contact person for the Deutschlandstipendium at the University of Göttingen, of any changes via the Deutschlandstipendium Change Notification.

The notification of change can be found in eCampus under SB-Funktionen/Formulare/Formulare des Studierendenbüros und Göttingen International.
6. Information about sponsors and sponsoring

6.1 What are my obligations as a Germany Scholarship recipient?

To what do I commit myself as a Germany Scholarship recipient?

As a Deutschlandstipendiat*in, you have to fulfill the following obligations to cooperate according to the guidelines:

"all changes that are of importance for the granting of the scholarship must be reported immediately."

This includes, among other things, changes to (§ 3, § 5 and § 9 Directive):

- contact data,
- bank details,
- receipt of another performance-related grant
- changes in studies such as change of study program, leave of absence or exmatriculation, completion of studies

Please inform Ms Schild, as the central contact person for the Deutschlandstipendium at the University of Göttingen, of these changes via the Deutschlandstipendium Change Notification.

The notification of change can be found in eCampus under SB-Funktionen/Formulare/Formulare des Studierendenbüros und Göttingen International.

Example waiver due to exmatriculation:

As of 06/2023
By accepting the Deutschlandstipendium, scholarship holders agree to participate in events within the framework of the scholarship program. However, there is no obligation to participate.

The public relations department (Fundraising) of the University of Göttingen promotes the contact of the scholarship holders with the funders in an appropriate manner. The scholarship holders are not obligated to make use of offers to maintain contact with private sponsors - see guideline § 5.

6.2 What happens if I complete my studies during the funding period?

The scholarship ends in principle with the successful completion of studies, i.e. with the completion of the Bachelor's or Master's degree, state examination or Master's degree.

If you change from a Bachelor's to a Master's degree in the same/similar subject at the same faculty, the scholarship can usually be continued. Please contact Ms Schild as the central contact person for the Deutschlandstipendium at the University of Göttingen.

Please inform Ms. Schild immediately about planned/upcoming graduations via the notification of change. The notification should be made via the notification of change Deutschlandstipendium, which can be found in eCampus under the self-service functions/forms/forms of the Student Office and Göttingen International.

The scholarship holders will receive an email from Ms. Schild informing them of the date up to which they can be supported by the Deutschlandstipendium and the date on which the support will be discontinued. The notification also includes the recruitment document for funding by the Deutschlandstipendium.

As of 06/2023
6.3 What events and campaigns are organised in connection with the Germany Scholarship?

For each award round of the Deutschlandstipendium at the University of Göttingen, there is a joint award ceremony for the scholarship holders and sponsors/representatives of the funding office as well as various events during the funding period.

Depending on the current situation, the award ceremony will be held either online or in the Aula at Wilhelmsplatz 1. Initial information on the award ceremony and on an information event for the new Deutschlandstipendiat*innen of the funding period, is attached to the acceptance letter. The information event will be held by Ms. Dreyer and Ms. Schild, as contact persons for the Deutschlandstipendium at the University of Göttingen, and will also take place online or in person. In addition to helpful information and tips about the Deutschlandstipendium or dealing with the sponsors, there will be time for all kinds of questions about the Deutschlandstipendium. In addition, scholarship holders usually get together in small working groups to actively shape the scholarship year, to initiate small projects and to contribute new ideas.

The first kick-off for the organisation of the award ceremony by the scholarship holders takes place at the information event. In addition to moderation and greetings, scholarship holders have always provided musical accompaniment.

In order to promote the mutual exchange of scholarship holders and to distribute information, there has been a closed Facebook group for Deutschlandstipendiat*innen since the 2020-2021 award round, as well as a closed group on StudIP. Furthermore, information is constantly forwarded by email to the student email addresses of the scholarship holders.

A group of Germany Scholarship holders from the current award round organise, for example, together with Ms Dreyer from Fundraising, an occasional regulars’ table for an informal exchange between sponsors/representatives of the funding bodies and scholarship holders. Sponsors can introduce themselves personally (private person or company, foundation), give an overview of their activities and the projects they have initiated. The regulars' table takes place either online or in premises that will be announced in advance.

In the last award rounds, there was also a series of events called "Future Talks". Scholarship holders, sponsors and experts exchanged views on a particular topic in a panel discussion. Such events are usually moderated by a Deutschlandstipendiat*.

Some scholarship holders have also taken part in various running events such as the spring Volkslauf, the Run Against Cancer.

6.4 What benefits can I expect as a scholarship recipient from personal contact with my sponsor?

Through the sponsor's contact, scholarship holders can gain insight into companies and their work, productions and developments and/or complete internships and/or workshops.

In addition to support and advice for their professional career, scholarship holders can benefit from the sponsor’s network and their contacts and thus receive personal idealistic support.

For further and detailed information, please contact the Deutschlandstipendium team, especially Ms Dreyer from Fundraising. Contact See 6.5.

As of 06/2023
6.4. How can I get into contact with my sponsor, and what should I observe in doing so?

Personal contact with the sponsor, if desired, will be established by the University’s fundraising organisation:

Public Relations Department - Fundraising
Nadine Dreyer
Wilhelmsplatz 3
37073 Göttingen
Tel. +49 (0)551 / 39-26205
Mail nadine.dreyer@uni-goettingen.de

If contact with the sponsors/the sponsorship office is desired, the first contact is usually made at the award ceremony for the Deutschlandstipendium, and in some cases at the request of the sponsors/the sponsorship office beforehand.

Subsequent applicants also inform the sponsor via the acceptance form whether they would like to have contact with the sponsor. If yes, the contact will be established by Ms. Dreyer from Fundraising.

At the award ceremony, there will be the opportunity to have a personal conversation with the sponsor/representative of the funding agency and to arrange further meetings, conversations and contacts.

In general, all sponsors/sponsoring agencies are pleased to receive words of thanks from the scholarship holders.

In most cases, the sponsors/sponsoring agencies are also interested in getting to know the scholarship recipients on a more informal basis as well as in a mutual exchange with the respective scholarship recipients and would like to support the Deutschlandstipendiat*innen not only financially on their way through their studies.

Both Ms. Dreyer and Ms. Schild are available to answer any questions and provide assistance in a wide variety of areas.

The Germany Scholarship holders will receive a certificate either at the award ceremony or by post confirming their support through the Germany Scholarship in the respective award round.

The certificates are produced by Fundraising (Ms. Dreyer) - Public Relations at the University of Göttingen.

Scholarship holders who take over the Deutschlandstipendium as successors also receive a certificate.
