

Dear master students,

to ensure a fair allocation of seminar slots, the sign-up for some of the seminars is centralized. This concerns the following seminars:

- Sustainable Development, Trade and Environment
- Seminar on the Economic Situation of Latin America in the 21st Century: 'Challenges of Economic Development in Latin America'
- Empirical Analysis of Conflict and Development
- Essentials of Global Health
- Games in Economic Development
- Geospatial Analysis for Development Economics (*note: offered under modules M.WIWI-VWL.0025 & -0185*)
- State of the Art: Frontier Topics in Chinese Economy*

* Development Economics students please note that the seminar "State of the Art: Frontier Topics in Chinese Economy" counts towards the elective area only, all other seminars count as compulsory seminar and towards the optional compulsory area also.

If you would like to attend one of these seminars, please fill [this form](#) until 14 October.

In case you would like to change your selection, you can fill the form again. Only the latest completed form will be regarded.

Seminar slots will be allocated according to preferences, and contested slots will be allocated in a lottery. Your chances of receiving your preferred seminar slot are not influenced by the number of seminars you indicate in the preference list.

You will be informed about your seminar slots until 21 October. In case you DO NOT want to take the slot, please inform the lecturer immediately.

IMPORTANT: The process of allocating topics is organized by each lecturer individually (after assignment of slots). Processes and timeliness differ for each seminar. Please make sure to check after the assignment of slots.

Please share this information with your fellow students to ensure nobody interested in these seminars misses the deadline.

In case of any questions about the process please contact counseling-devecon@uni-goettingen.de.

Please note that this is not an inclusive list, further seminars are offered by other chairs! They have their own registration processes. Please check eCampus, Stud.IP and the websites of the chairs.
