Welcome!

Welcome to the Faculty of Organic Agricultural Sciences in Witzenhausen!

Every year we welcome a diverse group of international students. Arriving in a new country and enrolling at a new and different university can be overwhelming and confusing at times. This Student Guide addresses international full-degree students and aims to ease your transition from home to here as pleasant as possible and to give you some useful information to get started. We hope to be able to answer most of your questions regarding your arrival in Witzenhausen and at our faculty, which is part of the University of Kassel. Moreover, we would like to give you an idea about what this place has to offer.

Witzenhausen - an attractive place for studying

Witzenhausen is located in a scenic low mountain range in Northern Hesse, which is in central Germany. It is known as the romantic cherry town in the valley of the Werra. Due to the surrounding *Kaufunger* woods and the mountain *Hoher Meißner*, Witzenhausen is protected from harsh weather conditions. Small-scale farming dominates the well-wooded landscape.

The population of Witzenhausen, including the inhabitants of surrounding small villages, is 15,000. In addition to the small student population of around 1100, the close proximity to charming small villages and the larger cities of Kassel and Göttingen make Witzenhausen an ideal study location. Students can enjoy a relaxed atmosphere that allows and supports many different student activities. For the above reasons, many international students have been attracted to Witzenhausen.

The university cities of Kassel and Göttingen are about 30-40 kilometres away and offer a wide variety of cultural activities. Upon registration with the University of Kassel, students receive a student identification card. This enables them to use public transportation free of charge within the region of Northern Hesse, which also includes Göttingen.

We wish you a pleasant stay and a successful course of study!

International Study Affairs - Advice and support for international MSc students

Here all incoming international students gain non-academic guidance both prior to arrival and throughout your studies at the Faculty of Organic Agricultural Sciences at the University of Kassel. Together with our tutors we aim to provide you with the best services we can offer and look forward to support you in making this the best experience possible.

2 Enrolment and Registration

The enrolment at the university and registration at the town hall as a foreign student require several documents and the procedures may sound quite complicated! However, your student tutors will support you with all the bureaucratic matters after your arrival, and the ASV will be happy to assist you, too. If you haven't been in contact with any of them yet, you find the contact information in chapter 5.

2.1 Enrolment procedure at the university

In order to get fully enrolled at the university and to have the legal status as a student of the University of Kassel, you need to provide the following to the enrolment office (Studien-Service) in Kassel. Also, please go to the Admissions Office on Moritzstrasse 18 (Campus Centre) once you arrive in Kassel. You will receive all the other necessary information on enrolment there.

- **Filled enrolment form**

This you can fill while still in your home country and send it to the master office via e-mail masterstudium@uni-kassel.de. Once in Germany you need to pay the semester fee and register at a health insurance. Both documents (Proof of payment and health insurance membership) and your German address you send directly via mail to the master office in Kassel.

- **A proof of your health insurance**

If you want to use your international health insurance, you need to bring your insurance policy to a German insurance company (e.g. "DAK, BARMER or TK Health Insurance") and ask them to provide you a letter stating that your insurance complies with German standards. That letter will be accepted at the enrolment office.

For EU students: To make things easier, please ask your insurance company to give you a "European health insurance card" (EHIC) and bring it with you! But as soon as you start working in Germany you need a German health insurance.

For Non-EU students under the age of 30: if your international insurance is not accepted, you have two possibilities in order to be insured in Germany: either you get a German health insurance from a state-mandated health provider or you decide to go to a private health insurance. The most important differences between public and private health insurance are that a state-mandated health insurance covers also regular dental care and check-ups, while a private one covers only treatments and basic repairs depending on the individual insurance contract. Also, the private insurance requires direct payment of the treatment costs which can be refunded later according to the contract arrangements. Please consider that these costs are very expensive in Germany and might easily add up to a high amount, so that you should have enough money on your bank account.

For the insurance covering of your first weeks in Germany, you may for example get a (travel) insurance at your home country. Once you are in Germany you register with an insurance company in Witzenhausen or Kassel to get the German health insurance. State-mandated health insurances are for example "DAK", "AOK", "BARMER" or "TK" with no office in Witzenhausen, but representatives coming to Witzenhausen on appointment.

For Non-EU students above the age of 30: students above the age of 30 cannot be insured as students in German state-mandated health insurances. In this case you have to buy a private insurance police. But please do not only look for the price, but also at the services. There are considerable differences here.

2.2 Registration at town hall at place of residence

After the enrolment at the University of Kassel, the registration at the town hall of the city in which you live is obligatory (!!) for all students. **In Witzenhausen the townhall (Rathaus) is on the market square.** The declaration of residency takes place at the civil office "Bürgerbüro". It is situated opposite to the town hall. Please bring your passport or EU identity card with you. The registration should be made within the first two weeks of the stay. Within 3 months a permit of stay has to be requested at the same office, for which you have to fill out a white form and submit the following:

- **Renting Contract of your room / apartment** (to show where you live)
- **Confirmation of your financial support** (to show whereof you live)
- **Enrolment certificate** (to show your student status)
- **Passport** or EU Personal Identity card (to show your normal place of residency)

These documents will be copied for the Alien Department in Eschwege (if you are registered in Witzenhausen). The whole procedure needs a time-span of approximately two weeks. More detailed information about getting the permit of stay you will find in chapter 2.3.

If the stay in Witzenhausen is combined with a longer stay abroad, the student has to sign off at the "Bürgerbüro" and to sign in again after return. Such a stay should not exceed six months in order to avoid the complete procedure of registration, including the authorization of residence. To sign off should not be forgotten after finishing the study program and before leaving Witzenhausen and Germany.

At the "Bürgerbüro" you may request the paper form for the extension of the permission of stay called "Verlängerungsantrag für Aufenthaltsgenehmigung".

Contact person in Bürgerbüro: Hendrik Brübach Am Markt 1 37213 Witzenhausen Tel: 0 55 42 / 508 333 (for an appointment)	Opening hours: Monday: 8 am – 4 pm Tuesday: 8 am – 6 pm Wednesday: 8 am – 1 pm Thursday: 8 am – 4 pm Friday: 8 am – 1 pm

2.3 Studying with a child

If you have children and you want to bring them with you to Witzenhausen this is possible. There are several kindergartens and schools in town. Near campus, Studierendenwerk provides the day-care centre “Die Frechdachse” which offers nature pedagogy (<https://www.studierendenwerk-kassel.de/diefrechdachse/>).

You have to bear the costs by yourself, but it is also possible to ask for financial support from the German government, in case your financial situation does not allow you to cover all costs. In addition, all children under the age of 25 living in Germany have a right to get a monthly “Kindergeld” (child allowance).

Children up to six years can get the „MahlZeit Kinder-card” allowing them to eat for free in the canteen of the Studierendenwerk (Mensa).

Please contact the tutors if you have any questions, they can assist you to help finding a kindergarten/school place and/or applying for financial support. They also can bring you in contact with other students with children studying in Witzenhausen, which can give you some practical advice as well.

[Mike Böse, the Social Advisor at Studierendenwerk Kassel](#), offers comprehensive advising and information for students with children.

2.4 Visa – Alien Office in Eschwege

Students with EU citizenship do not need a visa to enter Germany.

Non-EU-students have to apply for a visa at the German embassy in their home countries in order to study in Germany (except for citizens from Australia, South Korea or the U.S.A.). Together with your admission letter you will receive an official letter of invitation which will enable you to apply for a student visa. Please note that visa processing takes at least four weeks often more. After arriving in Witzenhausen all non-EU students must register with the Aliens office in Eschwege and apply for a residence permit (“Aufenthaltsgenehmigung”) within the first three month.

The Alien Office (“Ausländerbehörde”) is situated in Eschwege, a town situated around 30 km south of Witzenhausen. This permit is generally valid for two years. As mentioned above (2.2 Registration in Witzenhausen), you can do this at the town hall of Witzenhausen by filling a form and submitting a couple of documents. You do not have to give them your original passport at this point; a photocopy is enough for now. After this, the application is sent to Eschwege and it will take more or less two weeks until you will get an invitation letter asking you to come and obtain your permit of stay.

It is possible to individually travel to the Alien office during office hours (with original passport). But our tutors will arrange a special group appointment outside the regular office hours so the procedure can be accelerated and long waiting times avoided. We recommend to attend the group meeting.

This is how you can apply for your residence permit:

1. Register at the town hall in Witzenhausen and take the application form with you. Try to fill in as much as you can.
2. Make an appointment in Eschwege. The responsibilities are divided by the first letter of your family name. It is easier to write an Email and ask for an appointment. Instead of doing this yourself you can also ask your student tutor and we can make a group appointment with several students.

- **Passport**
- **Proof of your health insurance**
- Your **leasing contract**
- Your **certificate of enrolment**
- An **ID photo**
- A **proof of fund**

4. The office is located in Bremer Straße 10A in Eschwege.

You can go there by public transport with your semester ticket. Check the connections at nvv.de

There is one bus (220) that goes there directly. In addition to that you can take the train to Eichenberg and then take another train to Eschwege. The student tutors can also accompany you – ideally with a group of several students.

3 Living in Witzenhausen

3.1 Accommodation

There are three **student residences** near the campus: The biggest one is located at "Am Sande". It has single and double apartments and shared flats for six people. More than 100 students live in the multicultural student hall. Another residence is at "Stubenstrasse". The smallest dorm "Vor dem Rabensberg" only houses five people. The Studierendenwerk offers an Incoming Service: Outside of the regular office hours, a resident tutor will hand over the keys to your new apartment. The residences and many other student services such as the canteens are provided by the so-called "Studierendenwerk".

The student halls in Witzenhausen also have a tutor who supports the residents offering advice concerning everyday problems and the student apartments. Furthermore, he organises a welcome party and other social events in the common room (See black board in the residence for current announcements).

The student residence tutor as well as your student tutors **will help you with the internet connection at your room** (also see under 3.5 - Internet in the student residences).

Please note: Although the rooms are furnished with bed, wardrobe, desk, chair, etc...there is no bed linen, blanket, cushion or towels. It is recommended that you take a sleeping bag or blanket with you for the first days, until you have procured the things you need. There are several places where you can buy these items, for example at IKEA, a big furnishing house in Kassel. Sometimes also discounters like Aldi or Lidl have special offers; you should check the pamphlets of these shops.

The Studierendenwerk offers a service package for international students. It contains the most essential services needed for everyday life: a furnished room in a student hall and 120 luncheon vouchers for lunch and drink in the canteen and cafeteria. Moreover, you can purchase a starter kit for your apartment (bedding or kitchen).

<https://www.studierendenwerk-kassel.de/en/wohnen/information-student-housing/>

Many of the students also live in **private** houses or flats, which are also fairly cheap in Witzenhausen and in the nearby villages. You will find announcements for rooms on the black boards of the University or on the black board in the internet: www.unibio.de, log-in and look at the "Wohnungsmarkt". Unfortunately, the whole website is just in German. On the homepage of the Studierendenwerk, the online accommodation exchange provides furnished and unfurnished flats and rooms. All offers can be viewed in German and English (<http://www.studierendenwerk-kassel.de/en/content/wohnen/wohnungsboerse/>). The reason why most foreign students still stay in the student residences is that private rooms are mostly unfurnished, which means you need to bring your own furniture. In Witzenhausen there is a dealer of second-hand (used) goods where you can find cheap furniture and household utensils. (address: 'Unter den Weinbergen 2', opening hours Mo-Fr 10 am to 6 pm, Sa 10 am to 1 pm).

To get accommodation in the student's residence, please apply via Studierendenwerk (contact address above), if you want to find private accommodation you can also ask Mr Mentz or your tutors for some support (see contact information on last page).

3.2 Student Catering

The Studierendenwerk holds several canteens ("Mensa") in Kassel and one in Witzenhausen that offer warm meals for students at low prices. The Mensa in Witzenhausen is located at Campus Steinstrasse and is open Mon – Fri 12– 2 pm. There are always vegetarian and vegan offers and one completely organic meal to choose from. For the weekly menus you can look at: <https://www.studierendenwerk-kassel.de/en/essenundtrinken/witzenhausen/mensa-steinstrasse/> (in German)

There are also two cafeterias in Witzenhausen, one at Campus Steinstrasse and one at Campus Nordbahnhofstrasse, where you can get things like a coffee and snacks, but also small warm meals.

Cafeteria Steinstrasse: (not open in lecture free time)	Mon – Fri 8.00 am – 2.30 pm
Cafeteria Nordbahnhofstrasse:	Mon – Fri 7.45 am – 2.30 pm

There is an App called "Canteen Kassel" which lists all meals available that day and week for all cafeterias of the University Kassel. The App is available through the Google Play Store.

3.3 Transport

All enrolled students of the University of Kassel automatically have the right to use all trains, buses and trams of the NVV (Nordhessischer Verkehrsverbund), which is the traffic network of Northern Hesse, not including fast (and expensive) ICE and IC trains. The regional train connection to Fulda is also free to use.

The **semester train ticket** is the Campus card, which is sent to every student. It is valid only together with a passport or other photo identification.

In Witzenhausen and Kassel you can use all buses and trams. Travelling with your bicycle in trains and buses is free of charge. If you want to travel beyond the boundaries of the NVV area, you only have to pay the extra fee from where the NVV ends (last station in the NVV to your destination, only in local trains called "Regionalzüge").

An exception is the train to Göttingen, which lies already in the state of Lower Saxony. You can take the train to Göttingen for free, but buses and trams in Göttingen are excluded from your ticket. For taking your normal sized bike to Göttingen you also have to pay. However, if you have small so-called "Klapprad" (a foldable, small bike) you can take it free of charge with you to Göttingen.

IFBC students have the possibility to buy the Fulda-semester- ticket either additionally

to the Kassel semester ticket or instead of. For the latter option you can apply for refund of the Kassel semester ticket via Kassel ASTA. <https://resst.uni-kassel.de/> Thereby they have free access to regional transport services throughout the state of Hesse.

SIA students, who are enrolled in Göttingen, have the Göttingen-semester-ticket. This enables the students to use the regional trains throughout Lower-Saxony (Niedersachsen), Bremen and Hamburg including the CANTUS to Kassel, but not the tram in Kassel and Busses in Witzenhausen and Göttingen.

On the NVV and Deutsche Bahn websites you can check connections online!

Another option if you want to travel during holiday is "Mitfahrzentrale". Here private persons offer places in their cars for a very reasonable fee.
<https://www.mifaz.de/de/suche>

Long distant bus companies (Flixbus) are offering their services between the major German cities and also internationally.

3.4 Opening a bank account

Bank accounts at Sparkasse or Volks- und Raiffeisenbank in Witzenhausen are free of charge for students (below the age of 27 or 30 respectively). In order to open one, all you need to bring is:

- a valid **passport**
- your **proof that you registered at the town hall** ("Meldebescheinigung") or your **Visa**
- your **proof of enrolment** („Immatrikulationsbescheinigung")

Additionally, you need to prove every semester, that you are enrolled as a student.

An alternative is the online banking, for example N26. For more information check their website: <https://n26.com/en-de>

For the Alien office, it is necessary to show a blocked account (Sperrkonto) at least

for the first year. It can be opened with Deutsche Bank. They have branches in Göttingen and Kassel.

Your tutors (or other international students who have been through the process themselves already!) will support you with the opening of your bank account.

3.5 Computer/ Internet and Telephone

University computer facilities

All enrolled students of the University of Kassel automatically get the right to use the computers of the university. At campus Nordbahnhofstrasse you can find three "CIP pool" rooms with about 45 computers. At campus Steinstrasse there are 4 computers. Various other CIP pools exist at University campuses in Kassel. Every student gets an own **user account** (100MB disc space, various applications, internet access).

Unfortunately, the IT-Service has not yet launched its English website, but here you may find the ITS-Guide in English language. <https://www.uni-kassel.de/uni/index.php?elD=dumpFile&t=f&f=10182&token=95e2b61ae47e97ae40923fb594f64f94baba6a63>.

Activation of Uni-Account (First Semesters)

Students of the University of Kassel are automatically provided with an Uni-Account with their matriculation. But it needs to be activated. You will find detailed information on the process in the ITS-Guide mentioned above.

Also, have a look if there is an introduction into the E-learning facilities as part of the introduction week.

Internet in the student residences

If you stay in the student residences at "Am Sande" or "Stubenstrasse" and have your own computer, you can use the internet for free. In both places you will have cable internet connection.

To access the university network (the only way to get online) you need the following:

- Computer (or laptop) including wireless LAN or a cable
- Connection Software (VPN-Client)
- Uni-Kassel VPN Client WLAN profile

To be able to use the internet, you need to first go on the Internet in the CIP pool and download the necessary VPN-client and the respective Uni-Kassel WLAN profile. Just use this link to get to the right (German) page: www.uni-kassel.de/go/vpn

To access the download area, you need to login with your CIP pool/Uni Kassel username and password. Once you downloaded the client (fitting to your operating system) and the WLAN profile install and launch it. Then import the downloaded profile in the client software and click on connect.

If something does not work, your student residence tutor will help you with the setup of the internet connection! For more complicated computer-related issues, there are also two special IT-tutors from Kassel that may help you. Please inform first the Witzenhausen tutor. You find his contact on the last page.

Telephone Dialling

If you are calling Germany from abroad, add the country code 0049 and then skip the first 0 of the German number (e.g. 0049 5542 98 12 60). If you are already in Germany just dial the numbers as indicated (e.g. 05542 98 12 60). For local calls (same city code) you can skip the city code (e.g. 98 12 60).

International telephone cards

Please ask the ASV to help you find current offers (see contact information on last page)! Many international students in Witzenhausen may also help you because of their own experience.

Mobile phone

You can buy a pre-paid SIM card in any mobile phone shop or supermarket and use it in your mobile phone, which is usually the cheapest option. Several stores in Witzenhausen sell SIM cards with good prices for calling abroad (Aldi, Lidl).

If you stay longer or use your phone regularly, a mobile contract might be better for you. But be aware of the termination conditions. Usually you have to terminate contracts in advance within a given time frame. **Please check your contract.** Look for offers where you get a local phone number for your mobile. This way, e.g. your parents can call you from abroad more cheaply. Ask for offers at mobile phone shops or ask the ASV or other international students for their advice and experience.

Or check at: <http://www.billiger-telefonieren.de/handy/> (German link for cheap calls).

Stationary phone line (landline)

At your room in the student residences or in your private Apartment you can get a telephone landline. Since the installation fees are quite high (around 60 €) most international students stay with mobile phones. However, cheaper rates could make it worth getting a stationary phone line especially if you stay longer and often do international calls. If you are living in a private apartment you might want to consider getting a "package deal" including fast DSL internet and telephone flat rates.

Phone companies operating in Witzenhausen:

- Deutsche Telekom (mostly used in Germany)
- 1&1 (cheaper but only offers package deals)

Make sure the contract (6 weeks to 24 months) does not exceed your stay or can be cancelled if you e.g. leave the country. Usually there is a clause that allows you to do that, but only if you cannot foresee that you will have to leave before your contract ends.

If you have a telephone landline (at least with Deutsche Telekom) you can use “**call-by-call**” (no contract) providers or “preselect” (contract) providers, which offer cheaper rates depending on where and at what time you call. Look at e.g. the following website to get an overview:

Call-by-call: www.billiger-telefonieren.de (German link)

If you have internet access (e.g. if you stay at the student residence), you can also use Skype or Whatsapp or other software for free calls via internet.

3.11 Working in Germany

International students who do not come from the EU or EEA are allowed to work 120 full or 240 half days in a year. To do this they do not need authorisation from the Employment Agency, i.e. the German authorities.

International students who do not come from the EU cannot go self-employed or work freelance!

If you want to work more than 120 full or 240 half days you need the approval of the Employment Agency and the Aliens Department. Whether you receive the approval depends on the situation of the job market in your place of study. In regions with high unemployment you will have little chance of working more than 120 days.

One exception, however, is the occupation of academic or student assistant. As long as your studies are not impaired by it, this work can be carried out for an unlimited period of time. The Aliens Department must still be informed if you wish to work as an academic or student assistant!

- Non-EU citizens should be in possess of a valid visa
- EU-citizens should be in possess of a permit of stay "Freizügigkeitsbescheinigung" (you get this when doing the registration in the town hall "Bürgerbüro").
- During the teaching period, contracts up to 40 hours per months (= 10h per week) are allowed, the total permitted amount of labour per year is 720h

If you are interested to work at one of the departments of the faculty, please ask the corresponding professors or lecturers.

4 Studying in Witzenhausen

For most of the information you need (timetables, courses, deadlines etc.), you can check out the website of the faculty <http://www.uni-kassel.de/fb11agrar>. There is also an e-learning platform called "Moodle" which you can access through the University of Kassel website <https://moodle.uni-kassel.de/moodle/>. Many lecturers upload their lectures and other course information on the platform. They will tell you a password (key) so that you can sign in and access the information. Teachers from

Fulda doing classes in the IFBC do generally use the online platform of Fulda University of Applied Sciences called Moodle as well. SIA students will also have excess to "Moodle", while lecturers at Göttingen University generally use the e-learning platform Stud-IP (www.studip.uni-goettingen.de/).

Also check out boards of the departments and in the hall in front of the Dean´s office (above the Mensa) for exam results and other information.

4.1 Mentoring for students

The Faculty of Organic Agricultural Science offers an obligatory mentoring system for all students. The mentors, university professors and lecturers, will guide you through your course of studies to enable you to get the best possible learning outcome.

Further information will be given at the beginning of your studies. Exchange students please contact the Erasmus coordinator.

4.2 Libraries

Library of the Faculty of Organic Agricultural Science

Here you can find books mostly related to agricultural science. Go to the library to search through the catalogue or do it online:

<http://www.uni-kassel.de/ub/>

There are other libraries of the University of Kassel located throughout Kassel. If you search through the online catalogue you might find interesting books, which are not in Witzenhausen. These you can order free of charge to be delivered from Kassel to Witzenhausen (usually overnight). Please ask the library staff for further advice, they are very supportive.

There will be an introduction into the library facilities during the introduction week.

Students Consultation - for students by students

Students can get consultation from different bodies at University, for example by the "Studierendenwerk", the AStA and the University administration. Most of them are located in Kassel though. In Witzenhausen you can find the FSR (students' faculty council, also see chapter 5.2), offering consultation run by students. Regardless of whether it is:

- questions concerning curriculum and exams
- questions concerning study and examination regulations
- consultation for future students
- problems with professors
- guidance in the 'consultation-jungle' of the University

The FSR will give you support and advice. You will find the students consultation in the FSR's room in Steinstraße, upstairs the Mensa, through the glass-door, left hand.

If you need help, please get in touch!

4.5 Guidelines to scientific assignments

There are special guidelines for the composition of scientific texts (bachelor and master thesis, homeworks,...). Find the guidelines here:

<http://www.uni-kassel.de/go/Scientific%20writing/>

Some supervisors have special requirements, so please check with them before submitting a scientific work.

As soon as you are enrolled and have activated your Uni-account you have access to our e-learning platform "Moodle". There we offer special information for new students and information for your study program.

Additionally, we will offer a seminar for our new students "How to successfully study in German research context" early in winter semester.

5 University Groups and Organisations

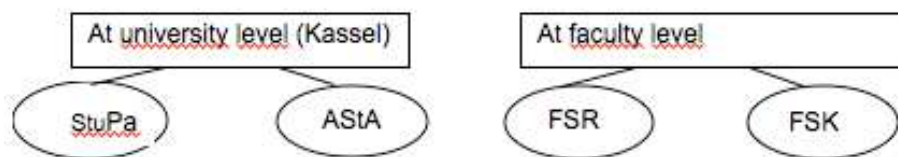

Here we would like to explain you how students' opinions can influence university politics. Moreover, some student groups will present themselves.

You can also find a lot of information about students' activities and events on the black boards in the Mensa building and during the city rallye at the beginning of the semester.

5.1 Democracy at the University – your voice is important

How the Student self-administration works:

Everybody who is enrolled at the University of Kassel is member of the student body. An amount of 12,40 Euro from the semester contribution of each student is automatically paid to the student community for self-administration. This legal body is divided into the Student Parliament (StuPa) and General Student Committee (AstA) at university level and the Faculty Council (FSR) and Faculty Conference (FSK) at faculty level. With enrolment at the Faculty of Organic Agricultural Science in Witzenhausen, you are automatically member of that faculty.

StuPa – The Student Parliament

... is the highest board of decision-making for the student body. It has 25 members, who are elected annually through student elections. It's most important duties are the election of the AStA, preparation of the Common Plenary Meeting (VV) as well as to adopt the budget of the AStA.

AStA – The General Student Committee

...is the government of all students of one university (at least here in Hesse). It is elected annually by the StuPa and is composed of eight to ten ministers for different departments. StuPa is the executive organ of the student body and bound to the resolutions of StuPa and the plenary meeting.

More at: www.asta.uni-kassel.de write to: infos@asta.uni-kassel.de

FSR – The Faculty Council

...is the representation of students interests of the faculty here in Witzenhausen. It is elected by all students of the Faculty of Organic Agricultural Science and has up to 12 members. As representatives, two members of the FSR are sent to the FSK.

FSK – The Faculty Conference

...is a relatively new board. It is the most important Information pool and advisory panel for the FSR.

VV – Common Plenary Meeting

...is the only panel where students can vote directly. There are VVs at university and faculty level each semester. The VV is announced by the FSR or AStA and this appointed time is kept free of lectures!

5.2 FSR Witzenhausen

The FSR (Fachschaftsrat) -Student Council - is the students' representative body at FB 11 and consists of elected representatives who are determined at the annual university elections. The elected representatives can participate in committees with voting rights. Participation in the student council is open to any student.

You become a member of the student council automatically by enrolling. We, the students, have the opportunity to actively partake in the organisation of the university or department in addition to our actual studies. The university is a self-governing institution whose development is decided on by various committees. These committees consist of professors, academic and technical staff and student representatives.

What we do

- represent students' interests in committees, such as the student council and study committee
- gather information, organise events and make sure we as students have what we need...
- improve our study conditions, by shaping how lectures or practical courses (English & German courses) are taught

Come and join us!

- gain an insight into the organisational part of the agricultural faculty
- get in contact: with professors, lecturers and your German-speaking colleagues
- improve your organisational skills and opportunities
- make a change by improving study and living conditions

learn more about agricultural universities and their students (e.g. Bonn, Eberswalde, Kiel), meet them and strengthen our network of colleagues

How to contact us

per mail: kontakt@fsr-witzenhausen.de

or face to face: in the Student Council (FSR) Room at Steinstraße 19, above the cafeteria (student consultation and regular meetings)

5.3 ASV – The Foreign Students Committee

The ASV is the representation of the foreign students in Witzenhausen, the main objectives and aims of ASV are:

- To support foreign students while dealing with typical problems during their studies
- To organize and support cultural, political and sport activities
- To facilitate the flow of information and communication between students
- To build up, deepen and take care of contacts with various organisations and other universities

Any proposals or offers of presentations or activities by foreign students are welcomed.

A new ASV team will be elected at the beginning of this semester. All foreign students are welcome to candidate to become an active member of the group. The new team and their contact information will be announced, e.g. at the information boards of the student residences.

Email: asv@asta-kassel.de

5.4 The International Student Club Witzenhausen

The place for parties, concerts, presentations or any kind of celebration for students in Witzenhausen. With enrolment at the Faculty of Organic Agricultural Sciences, every student is automatically member of the club and allowed to use the facility as well as be actively involved in the club events and take part at the elections of the club board.

In order to function in future, the Club needs people with creativity and commitment to support the organisation. So, if you not only want to have fun at the parties but also join actively, just visit the plenary assembly which takes place once each semester or ask a member of the club board.

5.5 LÖLA – Association for the promotion of teaching in organic farming

Agricultural students in Witzenhausen founded this association to influence teaching to become more related to practice. The aim is the creation of holistic ways of teaching and learning through the active participation of students and professors. Emphasis lies in the project-oriented learning, but LÖLA organises also presentations from guest referees, excursions and an annual student conference. Since the foundation of LÖLA, the amount of lecture contents regarding organic farming has risen noticeable.

Through LÖLA you have the possibility to be involved in the development of your curriculum according to your interests. There are manifold possibilities, you can contribute your help to existing initiatives or bring in and implement your own ideas. You can also support our activities through your membership fee of 15 Euro per year.

5.6 ALUMNI Association

We cannot often enough advise that career building is as well networking. Once you leave Witzenhausen and return to your country or work in Germany we would be very glad to stay in touch with you. Joining our alumni network enables you to regularly receive information on current developments of our faculty. Moreover, you can find old colleagues who you studied with more easily. Studying in an international program with student colleges from all over the world with a variety of professional backgrounds gives you the possibility building an outstanding network.

5.6.1 Alumni Association Witzenhausen

To keep the faculties' alumni activities as vital as possible you are most welcome to actively participate in our alumni association.

5.7 ESG – The Protestant Student Community

A new city - new faces: At the ESG I can meet other people - find new friends. This is a place where I can talk about the things that really matter to me. Think about God and the world. Be silent and meditate.

During term times, we meet every Thursday morning at seven o'clock at the Michaels chapel followed by breakfast at the ESG.

We will start each new semester with a special "service". Afterwards there is a socialising meeting to get the opportunity to meet new people in Haus Hildegard. You are most welcome. Date will be announced.

There will be a weekly devotion in the Michaelskapelle (Michels chapel) in Walburger Strasse on Thursdays at 7 am. Afterwards, breakfast and a socialising programme will be offered in the ESG room in Collmannhaus, Steinstrasse.

We are looking forward to meeting you in our rooms in the Collmannhaus, Steinstrasse 21.

5.8 ÖHG – The Christian Student Communities

The catholic (KHG) and the protestant (ESG) student communities closely cooperate and have many communal offers/ events.

Studying in another country with a different culture brings many possibilities. But some people are endangered to feel alone and restless. ESG/KHG try to help wherever help is needed! Therefore we invite you to our events during the semester or to meet us for a personal conversation.

There is also the possibility to get help from us if you came in an unforeseen financial distress or want to get informed about scholarships. If so please contact us.

5.9 Open source group

We are a small group of students gathered to promote the use of open source software in the studies and at the University.

- we give support for students that like to use free operating systems
- we're just building up an online platform to link users in Witzenhausen
- we are arranging installation happenings for future newbies
- we welcome every more or less experienced user to join our group

The basic idea of community-based software development and solutions following copyleft principals should be standard in organic agricultural research and practice. Come to the free and friendly side of computing!

Student service (“Studienservice”) at the University of Kassel

Usually you should contact the faculty’s staff first and they can tell you whom to contact at the main Campus in Kassel. However, the Student Service is responsible to help you especially with the enrolment process. They also organise welcoming events for international students in Kassel.

Contact: 0561-804-2205 or studieren@uni-kassel.de Detailed contact information you can find online at: <https://www.uni-kassel.de/uni/en/international->
