

Ecology Seminar

Winter Semester 2022/23

Functional Agrobiodiversity, University of Göttingen (Prof. Dr. Catrin Westphal)
 Agroecology, University of Göttingen (Prof. Dr. Teja Tscharntke)

Wednesdays, 10:15 - 11:30 a.m. CET, in presence (L318) and [via zoom link](#)

Date	Name	Title
26.10.22	Kyra Zembold Functional Agrobiodiversity, University of Göttingen	Designing diverse and productive landscapes with agri-environmental collectives - PhD Progress Report
02.11.22	Dr. Michal Knapp Department of Ecology, Faculty of Environmental Sciences, Czech University of Life Sciences Prague, Czech Republic	Optimising agricultural landscapes for biodiversity conservation and crop production
09.11.22 Zoom only	Dr. Katerina Sam Faculty of Science, University of South Bohemia, Branisovska 1760, 37005, Ceske Budejovice, Czech Republic	Direct and indirect impact of predators on plant herbivory
16.11.22	Dr. Kevin Darras Westlake University, Hangzhou, China Klara Küpers MSc presentation	Eyes on nature: embedded computer vision cameras for in situ macrobiology monitoring Local and landscape restoration effects on plants in calcareous grasslands
23.11.22	no seminar this week	
30.11.22	Kathrin Czechofsky Functional Agrobiodiversity, University of Göttingen	Interacting effects of agri-environmental measures and landscape structure on bee biodiversity in agricultural landscapes - PhD Progress Report
07.12.22	Ira Hannappel Functional Agrobiodiversity, University of Göttingen	Interactive effects of local and landscape scale restoration of semi-natural grasslands and agricultural fields on plant-pollinator interactions - PhD Progress Report
14.12.22	Dr. Philipp Gorris Institute of Environmental Systems Research (IUSF) & Institute for Geography (IfG), University of Osnabrueck, Germany Stockholm Resilience Centre, Stockholm University, Sweden	Social Networks and Environmental Change
21.12.22	Christmas break	
11.01.23	Dr. Jessica Knapp Lund University, Department of Biology, Sweden	A view across fields - Interdisciplinary perspectives for bees in agricultural landscapes
18.01.23	Dr. Eirini Daouti Swedish University of Agricultural Sciences, Uppsala	Weed seed predation. A promising ecosystem service
25.01.23	Dr. Julia Tiede University of Muenster, Germany Institute of Evolution and Biodiversity	Changes in trophic interactions along land use gradients
01.02.23 Zoom only	Dr. Ezequiel González Instituto Multidisciplinario de Biología Vegetal (IMBIV), Universidad Nacional de Córdoba, Argentina Department of Ecology, Faculty of Environmental Sciences, Czech University of Life Sciences Prague, Prague, Czech Republic	Loss and fragmentation of Chaco forests in central Argentina: consequences for insect communities and ecosystem processes
08.02.22	Dr. Jochen Drescher J.F. Blumenbach Institute of Zoology and Anthropology, University of Göttingen	Canopy Arthropod Monitoring across a land-use gradient in Sumatra
