

Teacher Education Module 2027

Fostering Education for Sustainable Development and Global Citizenship in European Classrooms: A Challenge-Based Approach

This course is aimed at student teachers and will discuss challenges with respect to the implementation of education for sustainable development and global citizenship in European schools and classrooms:
The Course will use challenge-based learning as an engaging multidisciplinary approach.

Upon completion, you will leave the course with new networks, deepened knowledge on and skills for education for sustainable development and global citizenship and ideas to inspire change in your future classrooms.

Students apply at their home university. The application deadline for the module is 15 November 2026.

For more information, please consult the ENLIGHT course catalogue:

and the Goettingen University website:

On-Site Week
19-23 April 2027
Göttingen, Germany

(accompanied by an online
pre- and post-module
component)
