

# Investment Banking Autumn Internships 2012

- Frankfurt or London -

J.P. Morgan is a leader in asset management, investment banking, and treasury and securities services. Today, we serve one of the largest set of clients in the world, including corporations, institutional investors, hedge funds, governments and affluent individuals in more than 60 countries. J.P. Morgan is part of JPMorgan Chase & Co., a leading global financial services firm with assets of \$2.2 trillion.

We invest a lot of time, care and resources into our global internship programmes. To us, these represent nothing less than our long-term success. They're an opportunity for you to find out about us, and vice versa. They're also a chance for you to gain some real work experience with a leader in global finance.

Internships are vital for us to meet our leaders of the future - and the majority of people who come and work with us end up joining our team full-time. It'll be a short, intense, possibly exhausting, certainly enjoyable and completely memorable experience. But don't take our word for it - find out for yourself and apply.
