Agenda Acara Seminar Hasil Penelitian ABS 2017:

Waktu Kamis, 22 Februari 2018	Acara	Narasumber/Fasilitator
08.00 - 08.30	Registrasi	Panitia
08.30 - 08.45	Pembukaan oleh Rektor IPB	Dr. Arif Satria
08.45 - 09.00	<i>Keynote Presentation</i> - <i>How to publish in high impact journal</i>	Dr. Suria Darma Tarigan
09.00 – 09.15	<i>Keynote Presentation</i> - <i>Introduction to Center for Transdisciplinary and Sustainability Sciences</i>	Prof. Anas M Fauzi
SESI I (Moderator Prof. Dr. Damayanti Buchori *)		
09.15 – 09.25	<i>Isolation and selection of Actinomycetes with xylanase und LPMO activity</i>	Prof. Dr. Anja Meriandini
09.25 – 09.35	<i>Developing DNA barcoding markers for Shorea species</i>	Prof. Dr. Iskandar Z. Siregar
09.35 – 09.45	<i>Abundant and Diversity of Arbuscular mycorrhizal fungi from different ecosystem in Jambi, Sumatera</i>	Prof. Dr. Sri Wilarso Budi
09.45 – 09.55	<i>Turbulence Characteristics Of Oil Palm Plantation And Analysis of Its Momentum, Energy, and Water Vapor Fluxes Using Profile Similarity Methods</i>	Dr. Tana June
09.55 – 10.05	<i>Oil Palm Agroforestry Yield and Financial Estimation Modeling</i>	Dr. Leti Sundawati
10.05 – 10.15	<i>Relative contribution of land-use change and agriculture management practices on the ecosystem function of water flow regulation in the rainforest transformation system</i>	Dr. Surya Darma Tarigan

SESI II (Moderator Prof. Dr. Iskandar Z Siregar)		
10.15 – 10.25	<i>The Effectiveness of Flowering Plants to Conserve Beneficial Insects in Different Land-use Types</i>	Prof. Dr. Damayanti Buchori
10.25 – 10.35	<i>Diversity of Butterflies (Lepidoptera) across rainforest transformation systems</i>	Dr. Purnama Hidayat
10.35 – 10.45	<i>The effect of land-use change on the foraging behaviour and honey quality of the giant bee Apis dorsata in Sumatra, Indonesia</i>	Dr. Rika Raffiudin
10.45 – 10.55	<i>Dissolved Organic Carbon under Oil Palm Plantation in Small Catchment of PT Perkebunan Nusantara VI, Jambi</i>	Prof. Dr. Kukuh Murti Laksono
10.55 – 11.05	<i>Assessment of Understory Bird Community Using Mistnets and Capacity Building of Novice Birdbanders</i>	Dr. Yeni A. Mulyani
11.05 – 11.15	<i>Conservation of Hoya Species in Jambi by Means EX situ Conservation and Public Awareness</i>	Dr. Sri Rahayu
11.15 – 11.25	<i>Nutrient release from decomposition of oil palm empty fruit bunches</i>	Dr. Syahrul Kurniawan**
11.25 – 11.35	<i>Decomposition and macro-nutrient mineralization of empty oil palm fruit bunch</i>	Dr. Sri Rahayu Utami**
11.35 – 11.45	<i>Rot disease caused by Ganoderma in oil palm and rubber plantations on Sumatra</i>	Dr. Nur Edy**
11.45 – Selesai	Penutupan dan Makan Siang	Panitia
