

## **Crossing the Borders: Interdisciplinary Research in the Academic Study of Religion (Göttingen, 16-18 December 2016)**

### ***Workshop for the PhD and postdoctoral researchers***

This workshop in Göttingen (Germany) will bring together PhD students of different disciplines from the U4 universities whose research deals with various aspects of religion. The special focus of the workshop will be on the in-depth discussions of methodological and practical challenges of the PhD research process.

During the workshop we aim to increase the benefits of interdisciplinary research by bringing together students from different academic backgrounds and research interests. We wish to construct an efficient network of early-career researchers working with religion related issues between the U4 universities.
